

2009 LightShow^{west}
Dedicated to the West Coast Marketplace

Get
plugged in

to the West Coast's most successful bi-annual lighting event at LightShow/West 2009. No other trade show and conference has flipped the switch and turned the local spec market on to the best assembly of architectural, commercial and high-design lighting products and services as LightShow/West – the only trade show and conference specifically created for ALL West Coast specifiers of lighting products and sponsored by Southern California's leading lighting agencies.

OCTOBER 21 & 22,
2009

**LOS ANGELES
CONVENTION CENTER**
LOS ANGELES, CA

*THE ONLY TRADE SHOW AND CONFERENCE
SPECIFICALLY CREATED FOR ALL WEST COAST
SPECIFIERS OF LIGHTING PRODUCTS AND
SPONSORED BY SOUTHERN CALIFORNIA'S
LEADING LIGHTING AGENCIES.*

"LightShow/West consistently draws large numbers of high-potential lighting & controls specifiers... We're already working hard on plans to make LightShow/West 2009 even more successful!"

– Marcus Cone, California Lighting Sales
Sponsor, LightShow/West 2009

"LightShow/West has had two very successful shows bringing to the Southern California market some of the finest manufacturers... TLC fully supports this show and encourages our manufacturers to participate. As one manufacturer said after the '07 show, 'Get me on the list for 2009.'"

– Jerry Davis, Total Lighting Concepts
Sponsor, LightShow/West 2009

"LightShow/West in Los Angeles has proven to be a valuable and dynamic show for us and our manufacturers. We appreciate the unique approach of involving the local agencies to coalesce together for the purpose of drawing the significant players in our marketplace to attend this very professional event."

– Roger Gregston, Prudential Lighting Products
Sponsor, LightShow/West 2009

Total Lighting
Concepts, Inc.

LightShow/West partners with the five major lighting agencies in Southern California and delivers the most powerful mix of architectural, commercial and lighting manufacturers. Each agency features its own separate pavilion to showcase the manufacturers each represents in individual exhibit spaces within their own pavilions. The exhibit hall is clearly marked, spotlighting each individual agency and directing attendees via aerial signage and aisle carpet, creating a unique environment that's easy for specifiers to navigate and smarter to work.

PLUS, the **LightShow/West University Conference Program** keeps the local spec market wired-in offering attendees numerous opportunities to enhance and update their professional standings with many seminars offering Continuing Education Learning Units for AIA, ASID, NCQLP and more.

"Overall, LightShow/West has proven to be a great show for our market and has grown into a leading local show for the specification community in Southern California. We look forward to participating at a very high level with our top manufacturers in 2009".

– Tom Thomson, SCI
Sponsor, LightShow/West 2009

"LightShow/West 2009 promises to be another significant gathering in our industry, building on the success of the 2007 event, where rapidly developing and truly game-changing technologies will be showcased. Performance Lighting Systems and our industry partners will be there in full force!"

– David Komonosky, Performance Lighting Systems - Sponsor, LightShow/West 2009
